

ML Group project:

Example MD Syntax (To Be removed)

This is how you add code:

```
# ===== Import the data from CSV=====

# Import CSV file
AirbnbData <- read.csv("DataSet/AB_NYC_2019.csv")

# =====
```

This is how you add images:

This is how you add [links](#):

SVM (by Andrea Butera)

RSM (by Mark Ditchburn)

Deep Learning (by Kuno.DLK)
